About the Avant Foundation

Established in 2017, the Foundation's vision is for safer practice of medicine for both doctors and patients. The Foundation seeks to provide leadership on safety, quality and professionalism within the medical profession.

The Avant Foundation provides funding to support research, education and leadership programs designed to make a real difference to how medicine is practised – in particular, the systems and processes. We believe this is key to creating sustainable change, enhancing patient care and reducing clinical and medico-legal risks.

In this way, Avant and its members can have a meaningful impact on the future of medical practice.

The Avant Foundation's goals

1. Invest in programs that lead to sustainable improvements in quality, safety and professionalism for the benefit of patients and the community.
2. Support programs that partner with other healthcare organisations to foster a culture of quality, safety and professionalism.
3. Support programs that reduce medico-legal and clinical risks.
4. Increase the impact of the funded programs by raising awareness of program outcomes amongst the medical profession.
5. Become a leading advocate for quality, safety and professionalism in medicine.
6. Build a sustainable organisation. A strong reputation is vital to the Avant Foundation, attracting both high quality applications for funding as well as donations from the medical community and beyond.

Focus areas for 2020

1. Initiatives that lead to sustainable improvements in quality, safety and professionalism for the benefit of patients and the community
2. Programs that partner with other healthcare organisations and foster a culture of quality, safety and professionalism
3. Safety focused programs that reduce adverse incidents and therefore medico-legal complaints and claims
4. Projects align with Avant's research agenda and provide opportunities to leverage knowledge from our existing claims data

Project funding

How much can I apply for?

In general, we are looking to support projects of between \$10,000 and \$100,000. In assessing the project budget, we will consider both the actual value and whether the project represents value for money in terms of likely outcome.

The number, type and value of the projects funded will be determined based on the quantity and quality of applications received and at the absolute discretion of the Foundation.

Can projects be co-funded?

We will consider funding projects that have already received or had commitments for funding from other sources. Any existing sources of funding or funding that you intend to apply for outside of the Avant Foundation should be disclosed in your application.

What type of projects will we not fund?

- Projects that are predominately related to capital purchases (e.g. clinical or other equipment)
- Establishment or support for a registry
- Projects where the main deliverable is communication or promotional materials
- General sponsorships of events
- Seed funding for development of products intended to be commercialized
- Projects that are outside of Australia
- Travel costs where alternate methods of communication can be utilized (e.g. video conferencing)
- Projects in areas that should reasonably and already be part of clinic practice for the specialty of the applicant
- Projects that require funding to pay research participants
- Higher degrees

For full details, see the terms and conditions at
avantdifference.org.au/avant-foundation

Applying for funding

Who can apply?

The Foundation may provide funding to:

- a. Entities ¹
 - Who are in the healthcare industry and
 - Who have Deductible Gift Recipient status (but not another ancillary fund) listed with the Australian Taxation Office under Item 1 of the Table in Section 30.15 of the Income Tax Assessment Act 1997; or
 - Do not hold DGR status
- b. Medical practices that hold (at the time of application and throughout the project period) a Practice Medical Indemnity Policy with Avant Insurance Limited;
- c. Medical practitioners
 - who hold (at the time of application and throughout the project period) a Professional Indemnity Insurance Policy with Avant Insurance Limited in a Practitioner Category of Practice, that is, not Intern/RMO or a Doctor in Training;
 - who are an Australian citizen, New Zealand citizen or permanent resident of Australia and based in Australia;
 - who are a practising medical practitioner registered with the Medical Board of Australia.

Medical practitioners must be a project leader with responsibility for the design, execution and management of the project. If a project involves other people you must confirm these people's consent to you being the project leader. Grants are awarded on an individual basis and other parties are not eligible to receive any part of the grant; and must have the support of your employer if you are applying on their behalf.

Application process

The Avant Foundation uses a two stage application process.

Stage 1 is for expressions of interest and is designed to allow us to assess how your project fits with the scope and priorities of the Foundation. It will also be used to identify important information such as the project leader, a high level outline of what the project is intended to achieve, its time frames and funding requirements.

Stage 2 is for applicants that have been shortlisted by the evaluation panel to progress from Stage 1. These applicants will be invited to submit a more detailed application which will include further information about the project design, its budget and plans for sustainability and scalability of outcomes.

¹ including but not limited to: Medical Research Institutes, Medical/Healthcare Foundations, Universities, Medical Colleges and Societies, Hospitals or Hospital Groups (public or private), Local Hospital Networks or Local Health Districts, and Primary Health Networks.

Evaluation process and criteria

Projects are evaluated using a closed, weighted evaluation system. The criteria for Stage 1 are available at avantdifference.org.au/avant-foundation

Stage 1 criteria include:

- Relevance of the project to the Foundation's objectives
- The project type (e.g. research, education)
- The project topic area (e.g. domains of quality improvement, professionalism)
- The leadership experience of the project team
- The design of the project

Stage 2 criteria include:

- Detailed project design
- Project rationale and relevance
- Project scalability and sustainability
- Project timeframes
- Project budget
- How important funding from the Avant Foundation is to the delivery of the project

Detailed evaluation criteria for Stage 2 will only be released to applicants invited to submit a detailed application in Stage 2.

Timeframes and key dates

Key dates	
Stage 1 - Expressions of interest open	1 October 2019
Expressions of interest close	31 January 2020
Review of expressions of interest	1 – 29 February 2020
Stage 2 – Detailed applications open	9 March 2020
Detailed applications close	5 April 2020
Grant recipients notified	June 2020

No time extensions will be granted. All applicants will be notified of the outcome of their applications by email. Beyond notification of outcome, The Foundation will not provide feedback on individual applications.

Expectations of grant recipients

a. Funding agreement

All grant recipients will be required to execute a funding agreement which outlines their acceptance of the terms and conditions.

b. Meeting milestones and payment of grants

Payment of grant instalments is linked to meeting milestones outlined in the funding agreement. Milestones need to be accompanied by submission of progress reports.

Payment of Avant Foundation grants will be in three instalments:

- first instalment of 50% paid on commencement of the project
- second instalment of 25% paid midway through the project
- third instalment of 25% paid on completion of the project.

For full details see the terms and conditions at avantdifference.org.au/avant-foundation

c. Promotion and media

You'll be required to work with our editorial team to enable the Foundation to publish information about your project in Avant or other publications. All reports, articles, publications, relevant correspondence and materials relating to the project or findings pertaining to the subject of the project must state that the work has been supported by the Avant Foundation Grant program.

We also expect you to participate, where reasonable, in any promotional activity (such as publicity or photography) to promote the Avant Foundation.

d. Intellectual property

You will retain the ownership of any intellectual property that you develop as a result of our funding, but will give the Foundation license to utilise the material or results arising from the project for promotional activities and to acknowledge the Foundation in activities arising from the use of material or results arising from the project.

e. Foundation presentation dinner

Successful recipients will be advised via phone in June 2020 followed by written confirmation. All grant recipients must be willing and available to attend a presentation dinner and agree to be photographed and be included in articles for marketing and promotional purposes

‘These projects are our best chance of improving patient care because they are driven by people who understand the healthcare system.’
